

# “Tirupati Integrated Product Scenario & HMS Software Tariff Structure”

## Tirupati Integrated Hospital Software:-

- Company Working in Health Care Domains Since 2013 with having more than 15 Staffs.
- 15+ Distributors in India & Worldwide & 5-Branch Offices,
- 250+ Satisfied Clients around the World.
- Fully Manage Dynamics Solutions the meet Successfully Client's PIN-to-Pin requirements.

**Objective:** To Provide an integrated Solution for the Hospital, which

- Helps in Efficient Management of the Hospital.
- Enhance Patient Care
- Improve work efficiency
- Improve Fiscal Control
- Eliminate the chances of any Pilferage
- Enable the Growth of the Hospital.

## **What you need**

- Be fully informed about the Vital Stats of the Hospital.
- Lesser dependency on middle & Lower Management. Full control on the staff.
- Take corrective actions based on the data instantly.
- Helps you to Plan any future activity.
- Ultimate Aim – **Better Patient Care with Efficiency.**

**Tirupati Integrated Hospital Software** streamlines and integrate the operation processes and information flow in the hospital to synergize the resources namely men, material, money and equipment's through information.

- This ERP facilitates hospital-wide Integrated Information System covering all functional areas like out & in Patients Billing & Management, Patient Beds, Visiting Consultants, Medical Stores, Pathology Laboratories, Radiology Laboratories, Imaging, Pharmacy, Manpower Management, Kitchen and Laundry Services etc.
- It performs core hospital activities and increases customer service thereby augmenting the overall Hospital Image. ERP bridges the information gap across the hospital
- **Tirupati Integrated Hospital Software** eliminates the most of the business problems like Material shortages, Productivity enhancements, Customer service, Cash Management, Inventory problems, Quality problems, Prompt delivery, Pilferage, TPA Billing etc.
